Hand tied with a white ribbon making sure stems are showing at the bottom of the bouquet.</p>

I will be selecting four different wedding arrangements that you would see at a wedding. The list of flowers I will be discussing are a boutonniere, corsage, toss bouquet and my hand tied wedding bouquet.

My colors that I will be focusing on are light blue and light green with an accent of navy blue. Due to the colors my wedding is scheduled to match the season of a July beach wedding.
